Subject: ccNSO - Nairobi meeting

Doug,

Just wanted to let you know that the ccNSO council is up to date with the latest announcements regarding Nairobi and remains supportive of continuing with the meeting. Whilst obviously travel to Nairobi is an matter for each individual, most if not all of the ccNSO Councillors have indicated that it is their current intention to attend the meeting in person.

Various Councillors have checked with their own government travel advisory bodies and have reported no change in the advice for travel within Kenya.

Cheers,

Chris Disspain
