Xiaodong Li
President & CEO
China Internet Network Information Center (CNNIC)
People's Republic of China

Dear Xiaodong,

Thank you for hosting me at your facility, as well as your very kind hospitality over dinner.

I have learnt a lot about CNNIC during my visit. As discussed, I think we can have more technical discussions in the ICANN community, and look forward to CNNIC's support and contribution in this regard. I was delighted to see the huge progress at CNNIC over the last years and its successful contribution in the Chinese Internet community development.

I look forward to CNNIC's continued participation in ICANN, and the efforts of our teams to continue to work closely together.

Yours sincerely,

Göran Marby
President & CEO ICANN
